## **EMPIRE STATE BUILDING ADMISSION**

**35 USD per person**

New York's famous Empire State Building, a New York City Landmark and a National Historic Landmark, soars more than a quarter of a mile into the atmosphere above the heart of Manhattan. Located on the 86th floor, 1,050 feet (320 meters) above the city's bustling streets, the Observatory offers panoramic views from within a glass enclosed pavilion and from the surrounding open-air promenade. Since the Observatory opened to the public in 1931, almost 110 million visitors have thrilled to the awe-inspiring vision of the city beneath them.

Open 365 days a year 8 am to 2 am with the last elevator going up at 1:15 am.

Please exchange voucher at the ticket window on the Lower Level in the Empire State Building. Open daily from 9:30 am to 11:30 pm. You will be required to show photo ID which matches the name of a traveler listed on the voucher.

## **ONE WORLD OBSERVATORY**

**36 USD per person**

Positioned on top of the tallest building in the Western Hemisphere, on levels 100, 101, and 102 of the 1,776 foot tall One World Trade Center Building, One World Observatory provides unique, panoramic views of New York City, its most iconic sites, and surrounding waters. Board one of five dedicated elevators to ascend in under 60 seconds, visit the See Forever Theatre, stop in to the Discovery level or step onto a 14-foot wide circular disc that delivers an unforgettable view using real-time, high definition footage of the streets below.

## TOP OF THE ROCK

OBSERVATION DECK ADMISSION

**36 USD per person**

Top of the Rock is a six-level observatory atop the Art Deco skyscraper, 30 Rockefeller Plaza. The upper decks are 850 feet above street level. Views include some of the city's most prominent landmarks from the Chrysler Building to the Brooklyn Bridge and from Central Park to the Hudson and East Rivers. The Deck was originally designed to evoke the upper decks of a 1930s grand ocean liner, outfitted with deck chairs, gooseneck fixtures, and large air-conditioning vents intended to look like the stacks on a ship's deck. The views are best when the day is clear -- I recommend going on the first clear day of your trip. Dress for the weather - the wind is stronger and it's always a bit chillier on the Observation Deck than it is at street level. If you get too cold, duck into one of the enclosed viewing areas to warm up.

Open daily 8 am to Midnight, 7 days a week. The first elevator goes up at 8:00 am and the last one at 11:00 pm. Hours of operation may vary on Holiday. Please call to confirm hours at 1-877-NYC-ROCK.

Please redeem this voucher at Top of the Rock on 50th Street between Fifth & Sixth Avenue. You will be required to show photo ID which matches the name of a traveler listed on the voucher.
